

NEWSLETTER No. 6 - 19th May 2007

HALF TERM HOLIDAY

We are closed for the next two weeks for half term holiday. We re-open on Saturday 9th June and then 16th June is our last meeting for this year.

SUMMER CONCERT

Our final concert of the year will be on Saturday 16th June starting at 7.15pm. If you or your child's class or ensemble are taking part the teacher will inform you this week or after half term.

ENROLMENT FOR 2007-2008

The new brochures for next year are available this week and you will be pleased to know that, although the enrolment fee is increasing this year, the class fees are remaining the same.

Timetable changes: In response to a number of requests, we have reviewed and changed a number of class times. In particular, this makes it easier for students in beginner and 2nd year tuition classes to also join an ensemble or orchestra. The new times are shown in the brochure both in the normal list format and also in an easy-to-follow timetable chart.

Enrolment day: will be on Saturday 15th September at 10am - noon.

Pre-enrolment: following the success of last year's "pre-enrolment" we are offering the same facility this year. Enrolment forms will be available in the Music Centre office which you can collect now and complete and return to the office on the 9th or 16th June. You can pay by cheque (post dated to 15th September if you wish) or cash. No credit/debit cards as we don't have chip and pin facilities. Pre-enrolment applies to all students currently in classes who are returning to the Centre in September or if you are unable to get to Enrolment day for some reason. Those of you who have been to Enrolment Day will know how busy it gets so the more of you who "Pre-enrol" the easier it will be on Enrolment Day.

PARKING

The final extension to the car park is now being completed which should help to make parking easier for us. However, I have received a number of complaints from less mobile members of the Music Centre as a number of vehicles not displaying "Blue badges" are parking in the allocated spaces. I'm sure that you won't be one of the culprits but please give a thought those who really need the spaces and help by never parking in the marked disabled spaces.
